Index to Volume 87

Subject index

Adhesion
Morbidity and mortality of inadvertent enterotomy during adhesiotomy, 467

Adrenal
An unexpectedly normal-looking adrenal gland, 391

Amputation
Arterial intervention and reduction in amputation for chronic critical leg ischaemia, 454
Epidemiology of lower extremity amputation in centres in Europe, North America and East Asia, 328

Anastomosis
Hyaluronic acid-based agents do not affect anastomotic strength in the rat colon, in either the presence or absence of bacterial peritonitis, 1222

Anatomy
Anatomy of Denonvilliers' fascia and pelvic nerves, impotence, and implications for the colorectal surgeon, 1288

Aneurysm
Apolipoprotein E genotype is associated with differential expansion rates of small abdominal aortic aneurysms, 760
Bacterial translocation in patients undergoing abdominal aortic aneurysm repair, 439
Comparison of cognitive function and quality of life after endovascular or conventional aortic aneurysm repair, 443
Duplex-guided thrombin injection for iatrogenic femoral artery pseudoaneurysm is effective even in anticoagulated patients, 796
Experimental study on the influence of endoleak size on pressure in the aneurysm sac and the consequences of thrombosis, 71
Influence of gender on outcome from ruptured abdominal aortic aneurysm, 191
Localization of matrix metalloproteinase 2 within the aneurysmal and normal aortic wall, 1391
Population screening reduces mortality from aortic aneurysm in men, 750
Quantifying the risks of hypertension, age, sex and smoking in patients with abdominal aortic aneurysm, 195
Randomized, multicentre, double-blind, placebo-controlled trial of the use of aprotinin in the repair of ruptured abdominal aortic aneurysm, 754
Risk factors for postoperative death following elective surgical repair of abdominal aortic aneurysm: results from the UK Small Aneurysm Trial, 742
Spontaneous carotid artery aneurysms, 186
Two-year results of a randomized controlled trial of rifampicin bonded extra-anatomic Dacron grafts (short note), 758

Angioplasty
Short-term results of femoropopliteal subintimal angioplasty, 1361

Anus
Imaging of anorectal disease, 10

Aorta
Apolipoprotein E genotype is associated with differential expansion rates of small abdominal aortic aneurysms, 760
Bacterial translocation in patients undergoing abdominal aortic aneurysm repair, 439
Comparison of cognitive function and quality of life after endovascular or conventional aortic aneurysm repair, 443
Experimental study on the influence of endoleak size on pressure in the aneurysm sac and the consequences of thrombosis, 71
Influence of gender on outcome from ruptured abdominal aortic aneurysm, 191
Localization of matrix metalloproteinase 2 within the aneurysmal and normal aortic wall, 1391
Population screening reduces mortality from aortic aneurysm in men, 750
Quantifying the risks of hypertension, age, sex and smoking in patients with abdominal aortic aneurysm, 195
Risk factors for postoperative death following elective surgical repair of abdominal aortic aneurysm: results from the UK Small Aneurysm Trial, 742

Aortic
Apolipoprotein E genotype is associated with differential expansion rates of small abdominal aortic aneurysms, 760
Comparison of cognitive function and quality of life after endovascular or conventional aortic aneurysm repair, 443
Experimental study on the influence of endoleak size on pressure in the aneurysm sac and the consequences of thrombosis, 71
Influence of gender on outcome from ruptured abdominal aortic aneurysm, 191
Localization of matrix metalloproteinase 2 within the aneurysmal and normal aortic wall, 1391
Population screening reduces mortality from aortic aneurysm in men, 750
Quantifying the risks of hypertension, age, sex and smoking in patients with abdominal aortic aneurysm, 195
Risk factors for postoperative death following elective surgical repair of abdominal aortic aneurysm: results from the UK Small Aneurysm Trial, 742

Appendicitis
Appendicectomy and perioperative mortality in patients with liver cirrhosis (short note), 1654

Arterial surgery
Compliance properties of conduits used in vascular reconstruction, 1516
Gunshot injuries of the popliteal artery, 602
Influence of gender on outcome from ruptured abdominal aortic aneurysm, 191
Spontaneous carotid artery aneurysms, 186
The failed embolectomy, 136

© 2000 Blackwell Science Limited

Artery
Management of proximal axillary and subclavian artery injuries, 79
Two-year results of a randomized controlled trial of rifampicin bonded extra-anatomic Dacron grafts (short note), 758

Artery – femoropopliteal
Short-term results of femoropopliteal subintimal angioplasty, 1361

Artery – upper limb
Management of proximal axillary and subclavian artery injuries, 79

Audit
Audit of time to emergency trauma laparotomy, 472

Axilla
Management of the axilla in operable breast cancer treated by breast conservation: a randomized clinical trial, 163

Bacteria
Bacterial translocation in patients undergoing abdominal aortic aneurysm repair, 439

Bile
Cholecystectomy, peptic ulcer disease and the risk of adenocarcinoma of the oesophagus and gastric cardia, 1087

Bile duct
Bile duct stone cannot be found, 534
Changing referral pattern of biliary injuries sustained during laparoscopic cholecystectomy (short note), 890
Problem bile duct stone, 838

Bile duct – tumour
Radical resection of hilar bile duct carcinoma and predictors of survival, 306

Biliary tract
Role of biliary scintiscan in predicting the need for cholangiography, 181

Blood flow
Effect of liver blood flow and function on hepatic indocyanine green clearance measured directly in a cirrhotic animal model, 568

Breast
Clinical relevance of sentinel lymph nodes outside the axilla in patients with breast cancer, 920
Problematic diagnosis of a breast lesion, 694
Prognostic significance of oestrogen receptor β in breast cancer, 405
Randomized clinical trial of the effect of needle gauge and local anaesthetic on the pain of breast fine-needle aspiration cytology, 777

Breast – cancer
Prognostic significance of oestrogen receptor β in breast cancer, 405

Breast – malignant
Genetic predisposition to breast cancer: a surgical perspective, 149
Immediate breast reconstruction after mastectomy for cancer, 1455
In-hospital delay in the diagnosis of breast cancer, 914
Intraoperative sentinel lymph node examination by imprint cytology and frozen sectioning during breast surgery, 597

Breast – surgery
Immediate breast reconstruction after mastectomy for cancer, 1455
Management of the axilla in operable breast cancer treated by breast conservation: a randomized clinical trial, 163

Breast – tumour
Diagnostic accuracy of needle-localized open breast biopsy for impalpable breast disease, 344
Effect of surgical subspecialization on breast cancer outcome, 1420
Genetic predisposition to breast cancer: a surgical perspective, 149
Immediate breast reconstruction after mastectomy for cancer, 1455
Impact of the '2 week wait' directive for suspected cancer on service provision in a symptomatic breast clinic, 1082
Intraoperative sentinel lymph node examination by imprint cytology and frozen sectioning during breast surgery, 597
Lymphoedema following surgery for breast cancer, 1128
Prognostic significance of oestrogen receptor β in breast cancer, 405

Calculus
Bile duct stone cannot be found, 534
Problem bile duct stone, 838

Carotid
Carotid duplex imaging: variation and validation, 320
Cost-effective carotid endarterectomy, 323
Effect of contralateral disease on duplex measurements of internal carotid artery stenosis, 1057
Spontaneous carotid artery aneurysms, 186

Catheter
The Seldinger technique for difficult transurethral catheterization: a gentle alternative to suprapubic puncture (short note), 1729

Cirrhosis
Appendicectomy and perioperative mortality in patients with liver cirrhosis (short note), 1654
Effects of hepatic blood inflow occlusion on liver regeneration following partial hepatectomy in an experimental model of cirrhosis, 1510
Portal flow augmentation for liver cirrhosis, 984

Claudication
Near-infrared spectroscopy grades the severity of intermittent claudication in diabetes more accurately than ankle pressure measurement, 459

Colon
Hyaluronic acid-based agents do not affect anastomotic strength in the rat colon, in either the presence or absence of bacterial peritonitis, 1222
Medical management of bowel obstruction, 1281

© 2000 Blackwell Science Limited

Colon – cancer
Effects of the combination of blood transfusion and postoperative infectious complications on prognosis after surgery for colorectal cancer, 1553
Surgery for colorectal liver metastases with hepatic lymph node involvement: a systematic review, 1142

Colon – inflammatory
Interleukin 10-deficient colitis: new similarities to human inflammatory bowel disease, 1346
Multicentre, randomized clinical trial of primary *versus* secondary sigmoid resection in generalized peritonitis complicating sigmoid diverticulitis, 1366

Colon – miscellaneous
Effect of colectomy on gastric emptying in idiopathic slow transit constipation, 1193

Colon – surgery
Compression anastomoses (AKA-2) in colorectal surgery: results in 442 consecutive patients, 1071
Functional outcome after restorative panproctocolectomy for ulcerative colitis decreases an otherwise enhanced quality of life, 802
Multicentre, randomized clinical trial of primary *versus* secondary sigmoid resection in generalized peritonitis complicating sigmoid diverticulitis, 1366
Rapid rehabilitation in elderly patients after laparoscopic colonic resection, 1540
Role of resection and primary anastomosis of the left colon in the presence of peritonitis, 1580

Colon – tumour
Hyaluronic acid as prognostic marker in resectable colorectal cancer, 1690
Matrix metalloproteinases, their tissue inhibitors and colorectal cancer staging, 1215
Mitogenic effects of oestrogen mediated by a non-genomic receptor in human colon, 1684
Prognostic significance of extensive microsatellite instability in sporadic clinicopathological stage C colorectal cancer, 1197
Quality of life after total colectomy with ileorectal anastomosis or proctocolectomy and ileal pouch anastomosis for familial adenomatous polyposis, 590
Raised levels of plasma Big Endothelin 1 in patients with colorectal cancer, 1409

Coloproctology
Anal vector volume analysis complements endoanal ultrasonographic assessment of postpartum anal sphincter injury, 1209
Anatomy of Denonvilliers' fascia and pelvic nerves, impotence, and implications for the colorectal surgeon, 1288
Experimental model of anorectal transplantation, 1534
Factors influencing the functional outcome of restorative proctocolectomy in ulcerative colitis, 1401
Factors predictive of outcome after surgery for faecal incontinence, 1316
Gender differences in the longitudinal pressure profile of the anal canal related to anatomical structure as demonstrated on three-dimensional anal endosonography, 1674
Manometric assessment of an artificial bowel sphincter, 586
Neosphincters in the management of faecal incontinence, 1617
On-line quantitative analysis of surface electromyography of the pelvic floor in patients with faecal incontinence, 814
Prolonged ambulatory recording of antroduodenal motility in slow-transit constipation, 211
Results of surgical treatment for faecal incontinence, 1546

Colostomy
Experimental study of faecal incontinence and colostomy irrigation, 902

Complication
Belching and bloating: facts and fantasy after antireflux surgery, 477

Constipation
Behavioural treatment (biofeedback) for constipation following hysterectomy, 100
Effect of colectomy on gastric emptying in idiopathic slow transit constipation, 1193

Crohn's disease
Risk factors for surgery and recurrence in 907 patients with primary ileocaecal Crohn's disease, 1697
Role of a defunctioning stoma in the management of large bowel Crohn's disease, 1063
Smoking and disease recurrence after surgery for Crohn's disease, 398

Cytology
Intraoperative sentinel lymph node examination by imprint cytology and frozen sectioning during breast surgery, 597
Randomized clinical trial of the effect of needle gauge and local anaesthetic on the pain of breast fine-needle aspiration cytology, 777

Day-case surgery
Day-case laparoscopic fundoplication for gastro-oesophageal reflux disease, 1708

Diabetes
Near-infrared spectroscopy grades the severity of intermittent claudication in diabetes more accurately than ankle pressure measurement, 459

Dialysis
Long-term results of arteriovenous fistulas using transposed autologous basilic vein, 819
Vascular access for haemodialysis, 1300

Duodenum
Duodenal injuries, 1473

Embolism
The failed embolectomy, 136

Endarterectomy
Cost-effective carotid endarterectomy, 323

© 2000 Blackwell Science Limited

Endocrine
An unexpectedly normal-looking adrenal gland, 391
Neuroendocrine tumours of the pancreas, 129
Occult insulinoma, 385
Role of surgery in mild primary hyperparathyroidism in the elderly, 1640

Endoscopy – upper GI
Diagnostic failures in endoscopy for acute upper gastrointestinal haemorrhage, 614

Endotoxin
Aminoguanidine attenuates endotoxin-induced mesenteric vascular hyporeactivity, 448

Endovascular surgery
Comparison of cognitive function and quality of life after endovascular or conventional aortic aneurysm repair, 443
Experimental study on the influence of endoleak size on pressure in the aneurysm sac and the consequences of thrombosis, 71
Need for secondary interventions after endovascular repair of abdominal aortic aneurysms. Intermediate-term follow-up results of a European collaborative registry (EUROSTAR), 1666
Short-term results of femoropopliteal subintimal angioplasty, 1361

Epidemiology
Changing pattern of histological type, location, stage and outcome of surgical treatment of gastric carcinoma, 618
Epidemiology of cholecystectomy and irritable bowel syndrome in a UK population, 1658

Experimental
Compliance properties of conduits used in vascular reconstruction, 1516
Effect of liver blood flow and function on hepatic indocyanine green clearance measured directly in a cirrhotic animal model, 568
Effects of hepatic blood inflow occlusion on liver regeneration following partial hepatectomy in an experimental model of cirrhosis, 1510
Experimental model of anorectal transplantation, 1534
Experimental study of faecal incontinence and colostomy irrigation, 902
Hyaluronic acid-based agents do not affect anastomotic strength in the rat colon, in either the presence or absence of bacterial peritonitis, 1222
Pharmacological hepatic preconditioning: involvement of 70-kDa heat shock proteins (HSP72 and HSP73) in ischaemic tolerance after intravenous administration of doxorubicin, 1168
Preventive effect of preoperative portal vein ligation on endotoxin-induced hepatic failure in hepatectomized rats is associated with reduced tumour necrosis factor α production, 1382
Xenotransplantation, 138

Fistula
Endorectal flap advancement repair and fistulectomy for high trans-sphincteric and suprasphincteric fistuias, 1680
Endoscopic stent placement for pancreaticocutaneous fistula after surgical drainage of the pancreas, 1506
Long-term results of arteriovenous fistulas using transposed autologous basilic vein, 819
Pancreatic fistula after pancreatic head resection, 883

Fundoplication
Randomized clinical trial of laparoscopic *versus* open fundoplication: blind evaluation of recovery and discharge period, 873

Gallbladder
Biliobiliary fistula associated with gallbladder carcinoma (short note), 1656
Epidemiology of cholecystectomy and irritable bowel syndrome in a UK population, 1658
Pain after laparoscopic cholecystectomy, 273

Gallbladder – surgery
Abdominal fluid collection after laparoscopic cholecystectomy, 1126
Randomized clinical trial of granisetron, droperidol and metoclopramide for the treatment of nausea and vomiting after laparoscopic cholecystectomy, 285
Role of relaparoscopy in the management of minor bile leakage after laparoscopic cholecystectomy, 176
Surgical management of polypoid lesions of the gallbladder, 414

Gallbladder – tumour
Regional and para-aortic lymphadenectomy in radical surgery for advanced gallbladder carcinoma, 418

Gallstones
Prospective analysis of a scoring system to predict choledocholithiasis, 1176

Gastroenterology
Ten-year audit of randomized trials in digestive surgery from Europe (short note), 1585

Gastrointestinal surgery
Morbidity and mortality of inadvertent enterotomy during adhesiotomy, 467
Ten-year audit of randomized trials in digestive surgery from Europe (short note), 1585

Prospective audit following the introduction of short-course preoperative radiotherapy for rectal cancer, 97

Recurrence
Risk factors for surgery and recurrence in 907 patients with primary ileocaecal Crohn's disease, 1697

Reflux
Late results of a randomized clinical trial comparing total fundoplication *versus* calibration of the cardia with posterior gastropexy, 289
Specialized intestinal metaplasia in patients with gastro-oesophageal reflux disease, 116

Rehabilitation
Exercise training and peripheral vascular disease, 553

Renal
Molecular changes in extracellular matrix turnover after renal ischaemia-reperfusion injury, 1188

Reperfusion
Diaphragmatic dysfunction secondary to experimental lower torso ischaemia-reperfusion injury is attenuated by thermal preconditioning, 201
Experimental study of the effects of deletion variant of hepatocyte growth factor on hepatic ischaemia-reperfusion injury, 59
Molecular changes in extracellular matrix turnover after renal ischaemia-reperfusion injury, 1188
Reperfusion injury is greater with delayed restoration of venous outflow in experimental concurrent arterial and venous limb injury, 734
Tacrolimus has less fibrogenic potential than cyclosporin A in a model of renal ischaemia-reperfusion injury, 1563

Sarcoma
Soft tissue sarcoma involving the sciatic nerve, 983

Screening
Diagnostic accuracy of needle-localized open breast biopsy for impalpable breast disease, 344
Reliable screening for acute pancreatitis with rapid urine trypsinogen-2 test strip, 49

Scrotum
Fournier's gangrene: a review of 1726 cases, 718

Sepsis
Role of xanthine oxidase in small bowel mucosal dysfunction after surgical stress, 1094

Small bowel
Role of xanthine oxidase in small bowel mucosal dysfunction after surgical stress, 1094

Small bowel – inflammatory
Immunoglobulin G and albumin levels in whole gut lavage fluid provide an objective measure of pouch ileitis, 808

Small bowel – obstruction
Medical management of bowel obstruction, 1281
Natural history of patients with adhesive small bowel obstruction, 1240

Small intestine
Medical management of bowel obstruction, 1281
Natural history of patients with adhesive small bowel obstruction, 1240

Sphincter
Morbidity and functional outcome after double dynamic graciloplasty for anorectal reconstruction, 909
Neosphincters in the management of faecal incontinence, 1617

Splenectomy
Diagnosis and treatment of portal vein thrombosis following splenectomy, 1229

Staples
Compression anastomoses (AKA-2) in colorectal surgery: results in 442 consecutive patients, 1071

Statistics
Crude rates of outcome, 8

Stomach
Changing patterns in the management of gastric volvulus over 14 years, 358
Diagnostic failures in endoscopy for acute upper gastrointestinal haemorrhage, 614

Stomach – surgery
Jejunal interposition to prevent postgastrectomy syndromes, 1576
Prospective study of the effect of laparoscopic hemifundoplication on motor and sensory function of the proximal stomach, 338
Recurrence following curative resection for gastric carcinoma, 236
Risk factors related to operative mortality and morbidity in patients undergoing emergency gastrectomy, 1702

Stomach – tumour
Changing pattern of histological type, location, stage and outcome of surgical treatment of gastric carcinoma, 618
Cholecystectomy, peptic ulcer disease and the risk of adenocarcinoma of the oesophagus and gastric cardia, 1087

© 2000 Blackwell Science Limited

Postoperative outcome and sites of recurrence in patients following curative resection of gastric cancer, 353
Recurrence following curative resection for gastric carcinoma, 236

Surgical education
Acquiring surgical skills, 28
Epilogue: key considerations in surgical publishing, 1610
Research misconduct: diagnosis, treatment and prevention, 1605

Surgical technique
Hyperthermic intraperitoneal chemoperfusion in the treatment of locally advanced intra-abdominal cancer, 1006
Laparoscopic compared with open methods of groin hernia repair: systematic review of randomized controlled trials, 860
Mesh compared with non-mesh methods of open groin hernia repair: systematic review of randomized controlled trials, 854

Surgical training
Acquiring surgical skills, 28

Thrombosis
Diagnosis and treatment of portal vein thrombosis following splenectomy, 1229
Experimental study on the influence of endoleak size on pressure in the aneurysm sac and the consequences of thrombosis, 71

Thyroid
Multicentre study of thyroid nodules in patients with Graves' disease, 1111

Transfusion
Effects of the combination of blood transfusion and postoperative infectious complications on prognosis after surgery for colorectal cancer, 1553

Transplantation
Experimental model of anorectal transplantation, 1534
Living donor liver transplantation: present and future, 1441
Xenotransplantation, 138

Transplantation – kidney
Influence of allograft size to recipient body-weight on the long-term outcome of renal transplantation, 314

Transplantation – liver
Living donor liver transplantation: present and future, 1441

Transplantation – renal
Differential effects of cyclosporin and tacrolimus on the expression of fibrosis-associated genes in isolated glomeruli from renal transplants, 1569
Tacrolimus has less fibrogenic potential than cyclosporin A in a model of renal ischaemia-reperfusion injury, 1563

Trauma
Audit of time to emergency trauma laparotomy, 472
Duodenal injuries, 1473
Gunshot injuries of the popliteal artery, 602
Lymphocyte activation after non-thermal trauma, 223
Management of proximal axillary and subclavian artery injuries, 79
Non-operative treatment of abdominal gunshot injuries, 393
Reperfusion injury is greater with delayed restoration of venous outflow in experimental concurrent arterial and venous limb injury, 734

Tumour
Clinical presentation of the pseudomyxoma peritonei syndrome, 1414
Results of treatment of 33 patients with peritoneal mesothelioma, 1587
Surgical management of intra-abdominal desmoid tumours, 608

Ulcerative colitis
Factors influencing the functional outcome of restorative proctocolectomy in ulcerative colitis, 1401

Ultrasonography
Carotid duplex imaging: variation and validation, 320
Effect of contralateral disease on duplex measurements of internal carotid artery stenosis, 1057
Endoscopic ultrasonography in the evaluation of idiopathic acute pancreatitis, 1650
Safety of a single duplex scan to exclude deep vein thrombosis, 1525

Urology
The Seldinger technique for difficult transurethral catheterization: a gentle alternative to suprapubic puncture (short note), 1729

Varicose veins
Prospective study of safety, patient satisfaction and leg ulcer healing following saphenous and subfascial endoscopic perforator surgery, 86

Vascular disease
Near-infrared spectroscopy grades the severity of intermittent claudication in diabetes more accurately than ankle pressure measurement, 459
Non-intervention and palliative care in vascular patients, 1601
Warfarin induced skin necrosis, 266

Vascular surgery
Arterial intervention and reduction in amputation for chronic critical leg ischaemia, 454
Clinical governance and the vascular surgeon, 766
Compliance properties of conduits used in vascular reconstruction, 1516
Cost-effective carotid endarterectomy, 323
Gunshot injuries of the popliteal artery, 602
Influence of gender on outcome from ruptured abdominal aortic aneurysm, 191
Long-term results of arteriovenous fistulas using transposed autologous basilic vein, 819
Reperfusion injury is greater with delayed restoration of venous outflow in experimental concurrent arterial and venous limb injury, 734
Slowing the heart saves lives: advantages of perioperative β-blockade, 689
Spontaneous carotid artery aneurysms, 186
The failed embolectomy, 136
Use of superficial femoropopliteal vein for suprainguinal arterial reconstruction in the presence of infection, 771
Vascular access for haemodialysis, 1300

© 2000 Blackwell Science Limited

Vein
Causes of re-recurrence after polytetrafluoroethylene patch saphenoplasty for recurrent varicose vein, 1356
Long-term results of arteriovenous fistulas using transposed autologous basilic vein, 819
Transvenous sclerotherapy for huge oesophagogastric varices using open injection sclerotherapy, 926
Use of superficial femoropopliteal vein for suprainguinal arterial reconstruction in the presence of infection, 771

Venous
Reperfusion injury is greater with delayed restoration of venous outflow in experimental concurrent arterial and venous limb injury, 734

Venous thrombosis
Safety of a single duplex scan to exclude deep vein thrombosis, 1525

Venous ulcer
Influence of a specialized leg ulcer service on management and outcome, 1048

Volvulus
Carotid duplex imaging: variation and validation, 320
Changing patterns in the management of gastric volvulus over 14 years, 358
Recurrent sigmoid volvulus treated by percutaneous endoscopic colostomy (short note), 1419

Wound healing
Abdominal content containment: practicalities and outcome, 106
Hyaluronic acid-based agents do not affect anastomotic strength in the rat colon, in either the presence or absence of bacterial peritonitis, 1222
